ESSENZE OPACHE / WOOD FINISHES

ALLUMINIO FINESTRE / ALUMINIUM WINDOWS

ALLUMINIO PERSIANE, SCURONI, SCURETTI PIEGHEVOLI E SCORREVOLI / ALUMINIUM LOUVERS, SHUTTERS, FOLDING SHUTTERS AND SLIDING

I colori fuori standard (pulver) per le finestre sono simili ai rispettivi colori metallizzati delle persiane, ma non possiamo considerarli uguali. Anche i colori Ral che hanno i medesimi riferimenti fra persiane e finestre non saranno mai uguali fra loro. Cocif non risponde di eventuali variazioni dovessero presentarsi rispetto ai presenti colori.
 Non-Standard colours (pulver) for cladding are similar to metallized colours for louvers, yet not exactly identical. Louvers and window frames having a same RAL code will differ somewhat from one another.
 Cocif is not to be held responsible for possible slight colour differences.
